*** Tolt-MacDonald Park Tent Sites & Cabins:** The three reservable tent sites are located adjacent to RV camping and restrooms with showers. The 11 tent sites and two cabins are on the east side of the river with pit toilets nearby. These are non-reservable, walk-in sites located across a 500' suspension bridge. The cabins are three-sided, open in the front with no amenities. All vehicles must park in the parking lot on east side of the park.
